PCTI Gets W!se With Financial Literacy

Wayne, NJ – FOR IMMEDIATE RELEASE – Passaic County Technical Institute (PCTI) is teaching students the value of financial literacy in education. They've passed the course with flying colors and now PCTI is being recognized as one of the top ten W!se scoring institutions in the nation.

The program, "Working in Support of Education" strives to prepare students for the future by teaching them to become financially literate in all areas of education. Teachers are given access to training, educational resources, pre-tests, and online practice tests. Students who pass the CFL test are certified as financially literate and are therefore more likely to make balanced fiscal decisions when managing educational funds.

Congratulations to PCTI and students on achieving this prestigious honor!
