

## PRESS RELEASE

# Criminal Justice Program Welcomes NJ Judiciary Officials

Wayne, NJ – FOR IMMEDIATE RELEASE – Passaic County Technical Institute’s (PCTI) Criminal Justice students received a treat from the New Jersey Judiciary when officials came to speak about the public education initiative. Seniors learned about various facets of court operations through the personal experiences and PowerPoint presentations of Judiciary Hearing Officer Felix Sanjurjo and Judiciary Chief EEO/AA Officer Bobby Battle. The ultimate goal of the visitation was to open a dialogue with students about possible job opportunities.

At the event’s conclusion, Bobby Battle had this to say about his visitation to the prestigious high school, “Students such as yours are the future leaders in our society. From my perspective, the future of our society will be in good hands because of the caliber of students being educated at Passaic County Technical Institute.”
