

# PCTI STUDENT OF THE MONTH

February 2018

## Aspiring for Greatness in All Areas of Life EMILY ANDRIANOV

Emily Andrianov is a young woman from Hawthorne who has always been drawn to the sciences. Her mom is a cosmetic chemist, therefore it was a natural choice for her to become a member of the Academy of Medical Arts.

Her passion knows no bounds. Emily is driven by a caring nature and as evidence, has spent much of her time volunteering at the Hackensack UMC NICU and Nursery. "Being in such a high stress environment revealed how I work best. I admire how medical professionals help newborns survive, and prepare them to have healthy and happy lives." Emily goes on to explain that her volunteerism efforts at the hospital solidified her career of choice. "I now know I want to be a Neonatal Surgeon."

Emily is already preparing for her intensive career by sharpening her time management skills. She has been involved in tutoring with Kumon, acted as a Teaching Assistant for PCTI's Fall STEM Academy, and has volunteered at the Romanian Orthodox Brotherhood of All Saints. In addition, Emily is the Principal Ballerina at Kolotov Dance Studio - a premier honor which ensures she gets all the lead roles in productions. She is the youngest dancer to receive this selection and has been honing her craft under this title

since her freshman year.

In addition, Emily has been selected for World Language Honor Society, Rho Kappa History Honor Society, and the National Honor Society. She was also chosen for the National Student Leadership Conference in Psychology & Neuroscience at Harvard Medical School and for Brown University's Future of Science and Technology in

Medicine program. At PCTI, Emily is a member of HOSA, the American Sign Language Club, ERASE, and is a Class Representative. Her certifications included Basic Life Support, CPR and CNA; she will receive her EMT licensure in May.

Despite a heavy and hectic schedule, Emily ranks in the top two percent of her class with a GPA of 4.41. She has achieved

Principal's Honor Roll throughout her entire high school career and has the potential to graduate with thirty-six college credits.

Emily dreams of pursuing an education at Brown University. She has been accepted to St. John's Honor College and Chemistry program where she received the Presidential Scholarship - an honor that covers her entire tuition. Emily has also applied to Cornell, Columbia, Princeton, and Rutgers University. She is considering pursuing an undergraduate degree in Cognitive Neuroscience.

Congratulations to an intelligent woman who is bound to make a difference in the world!

### HIGHLIGHTS

- Ranks in the top 2% of her class
- Has the potential to graduate with 36 college credits
- Licensed CNA, CPR, First Aid & Basic Life Support certified
- Selected for WLHS, Rho Kappa History Honor Society, & NHS
- Member of HOSA, American Sign Language Club, ERASE, & is a Class Representative
